Plug gnawed openings

Shears & Sealant

Heavy-Duty Shears

- Cuts through Xcluder® stainless steel wool and poly fiber blend with ease.
- Boasts curved blades that give you over 30% more power.
- Heavy-duty coined stainless steel blades power through thick materials without separation and won't rust.
- Serrated edge for better control.
- Ergonomic handle enhances comfort and control.
- Bolted joint won't loosen over time.
- Liphatech Ag product code: 80030621

Xcluder® Joint Sealant

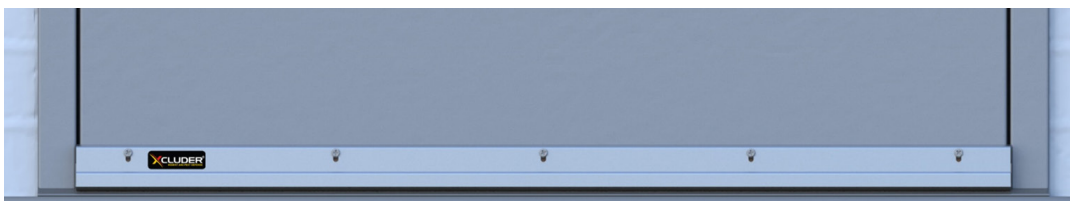

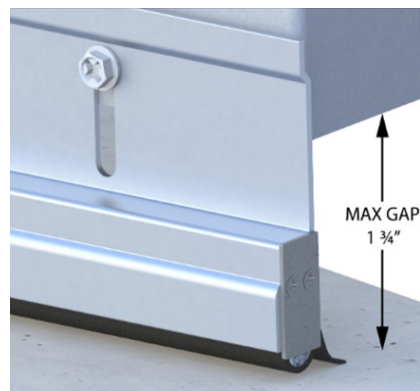

- Designed to seal construction, expansion and isolation joints, providing permanent rodent protection.
- Use with Xcluder Fill Fabric to seal gaps in your buildings, both up high and down low.
- Includes high-performance BASF MasterSeal® NP 1™ for a complete seal.
- Case quantity: 30 tubes.
- Each tube seals up to 12' of joint.
- Liphatech Ag product code: 80030622

Xcluder® Versa-Line Rodent Proof Door Sweeps

Many pests find their way into agricultural buildings the same way humans do – through the door. Xcluder Versa-Line Rodent Proof Door Sweeps prevent that from happening, providing a secure seal for under-door gaps up to 1-3/4".

- Industrial-grade rubber exterior with Xcluder Fill Fabric core seals under-door gaps up to 1-3/4".
- Easily retrofits older doors with larger gaps for a secure fit.
- Sturdy aluminum retainer for durability and long-lasting use.
- Available in 36" and 48" widths, includes mounting hardware.
- Can be cut to size for an exact fit.
- Backed by a lifetime guarantee, ensuring lasting rodent protection.
- 36" Door Sweep - Liphatech Ag product code: 80030605
- 48" Door Sweep - Liphatech Ag product code: 80030606

Xcluder® Vertical Door Seals

A gap or crack is enough of a doorway for rats and mice to get in. Keep them from entering these areas with Xcluder Vertical Door Seals, designed with durable, reinforced rodent barriers.

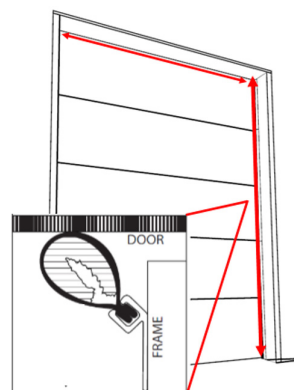

Vertical Door Seal

- Seals gaps between double doors or a door and frame to keep rodents out.
- Reinforced EPDM rubber gasket and Xcluder Fill Fabric core for durable, long-lasting protection from rodents and the weather elements.
- Suitable for door gaps up to 1/2"
- Fits most common door types, including wood and metal.
- Available in 96" length (two 48" pieces).
- Liphatech Ag product code: 80030607

Vertical Door Seal Kit

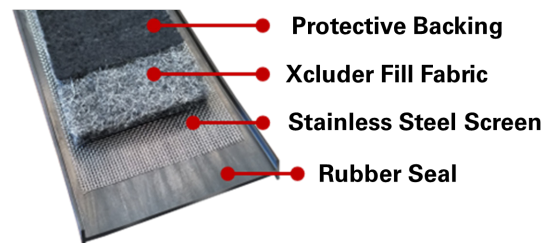

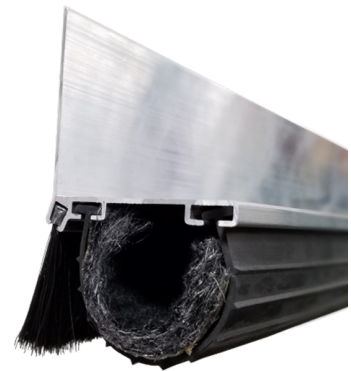

- Seals gaps around the frame of the door.
- Vertical Seal Kit includes (6) 4-foot side retainers and 24 feet of pre-installed Slide N Seal rubber.
- Can be custom cut to accommodate locks, handles or shorter doors.
- Liphatech Ag product code: 80030620

Xcluder® X2 Rodent Proof Overhead Door Seal Kit

Don't let your overhead door be the weak link in your rodent control program. The Xcluder X2 Overhead Door Seal Kit combines weather-proofing and rodent defense to keep your building secure.

- Combines industrial-grade rubber door seal with brush seal for double-layer protection.
- Rubber seal exterior is filled with patented Xcluder Fill Fabric for added durability.
- Brush seal conforms to uneven surfaces for added defense.
- For 2" thick doors. Available in 8 ft. and 16 ft. widths.
- Can be cut to size for an exact fit.
- 8 ft. Door Seal - Liphatech Ag product code: 80030608
- 16 ft. Door Seal - Liphatech Ag product code: 80030609

INDUSTRY-LEADING PROTECTION

HOW IT'S MADE

- Xcluder X2 Garage Door Seals consist of an outer layer of heavy-duty rubber, a layer of stainless-steel screen and a core made from rodent-proof Xcluder fill fabric.

- Made in the U.S.A.

WHERE IT WORKS

MULTI-USE

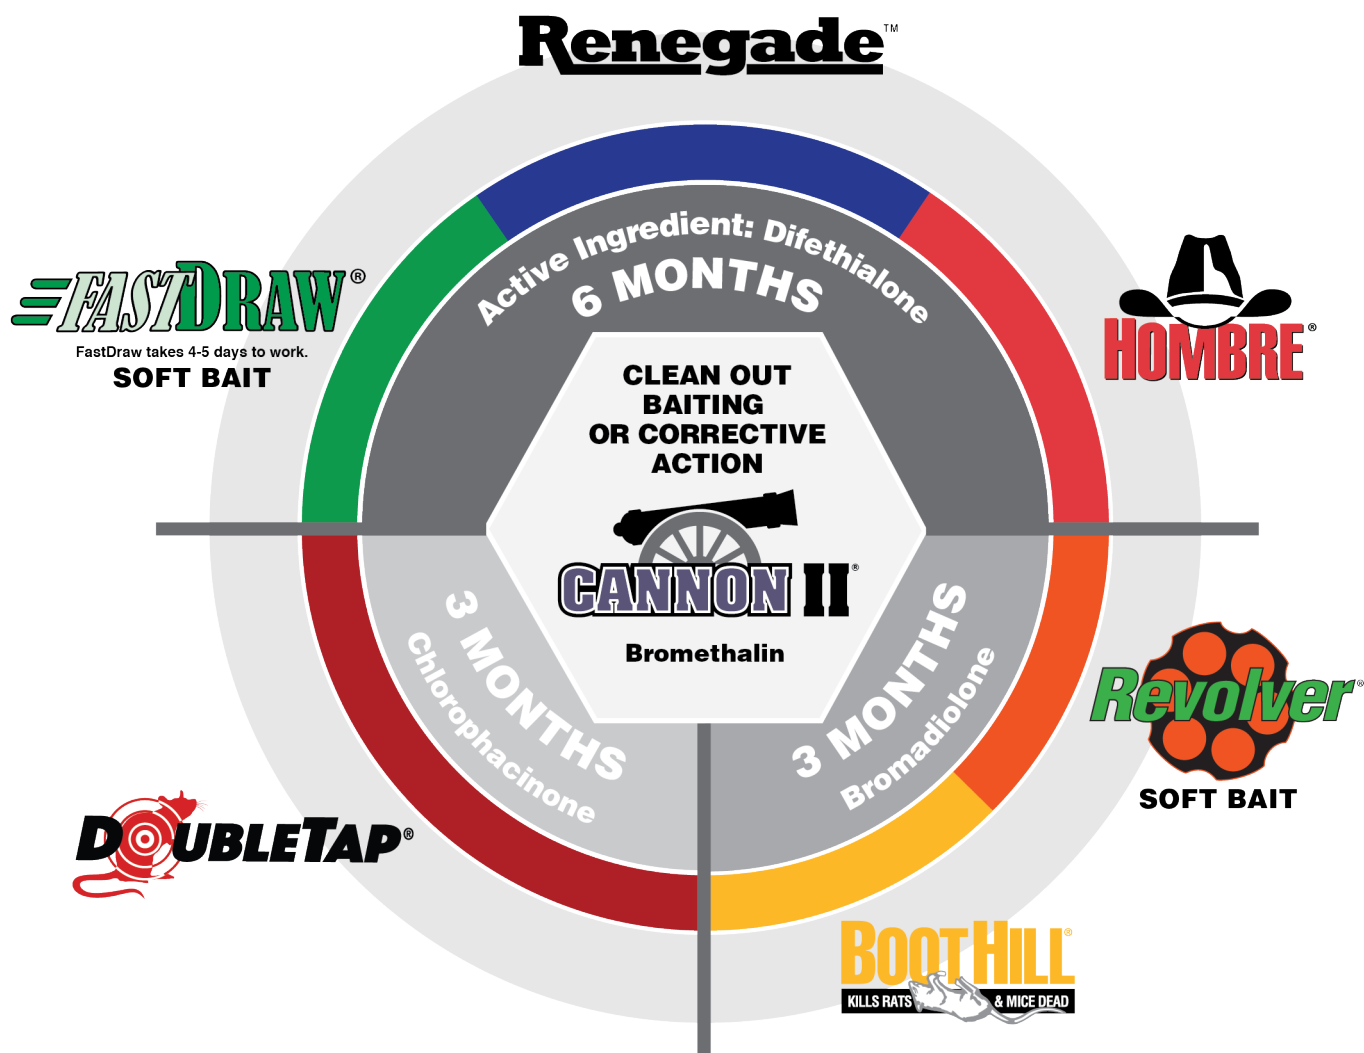

- Xcluder X2 Garage Door Seals keep pests out with a unique combination of rodent-proof door bottom and brush seals.
- The multiple layers enhance weather-proofing and provide draft protection, prevent light penetration, and more.
